

Who Has The Right Answer For East Providence? You Be The Judge.

East Providence Teachers

East Providence School Committee

OR

- The teachers who were willing to accept a neutral arbitrator's ruling that included co-sharing the cost of their health insurance and accepting a pay freeze.
- The teachers who gave back over \$1 million in concessions in 2004 to assist the city during difficult times.
- The teachers who again this year have offered similar concessions to assist the city during these difficult times.

- The School Committee who refused to accept the neutral arbitrator's ruling and then unilaterally cut wages and benefits for just one group of employees - teachers.
- The School Committee which has a 10 year track record of poor budget decisions, and now wants to fix the problem on the back of one group - teachers.
- The School Committee who continues to hire \$200-an-hour attorneys and over-pays for school administrators.
